

Pledge Today!

The 5th Annual 2009 Arts & Heritage committee is a partnership of volunteers from the community and the new City of Washington Chamber of Commerce.

This year, with your support, we hope to present an even better festival celebrating the local art and history of our region. We hope to bring an increased interest and awareness to art and history, while providing family-friendly entertainment, amusements and a diverse selection of vendors.

The festival is not for profit, with all receipts going toward the expenses involved with holding a free community event, and only a minimal amount is left to start the next year's event.

This year we are also offering earlier marketing possibilities and recognition for the festival and our sponsors and patrons. Now is the time to take advantage of this opportunity to support a regional event right here in our county seat!

Pledge today and help us make the 2009 festival the best one yet! Complete the form on the reverse and return it to:
